Battle River Power Coop and Frontier Energy 2025 Annual General Meeting Highlights

On June 19th, Battle River Power Coop and Frontier Energy held their Annual General Meeting. At this meeting we reflected on our rapidly changing industry and BRPC's place in it. That's why this year, the theme was: **"Battle River Power Coop... A Catalyst for Change."**

Chair Dan Astner

This past year brought significant changes to our industry. With those changes came challenges, but also opportunities. Opportunities to lead, to innovate, and to shape the future of rural electrification in Alberta.

Introduction of Frontier Energy

This past year marked a major milestone in our journey: the launch of Frontier Energy by Battle River Power Coop.

Frontier Energy gives our members the power to lock in their electricity rates, providing greater price stability and peace of mind. In a time of market volatility, this is more than a convenience. It's a safeguard. It's part of our broader commitment to offering transparent, member-focused energy solutions that reflect the realities of rural life in Alberta.

With Frontier Energy, we are not just keeping up with change. We're leading it.

Growth

Over the last year, Battle River Power Coop has expanded

its property and buildings to better accommodate a growing future. The adjacent property purchase in late 2023 and removal of topsoil at the original yard site added over three acres of additional workspace. This included a secure storage building for critical inventory. Additionally, 6,000 square feet of office space was added with the pre-manufactured modular structure extension on the east side of the existing office building. This work was accomplished at approximately one third of the cost of other options considered.

Standing Up for Affordability

Let me be clear: **We as members save money by being a member-owner of Battle River Power Coop.**

While your Board focuses on affordability for Battle River members, all Albertans benefit from the presence of not-for-profit REAs like ours. We help stabilize electricity prices across the province by showing what the true cost of distribution can be. We are a benchmark, and a reminder, that affordability and quality service can go hand in hand.

That is why your board continues to advocate on your behalf, on behalf of your neighbours, and on behalf of the generations who built this cooperative from the ground up.

Looking Ahead

Over the past 76 years, our membership has built something extraordinary. And I'm confident that our

shared dedication will continue to drive growth for Battle River Power Coop and even greater success for Frontier Energy.

I extend my heartfelt gratitude to you - our member-owners, fellow directors, employees, and community partners. Your support, your trust, and your commitment are what make this cooperative strong. Thank you.

Thank You for Attending Our 2025 AGM!

We would like to thank all the members and guests who attended our AGM on June 19th. We would not have a thriving cooperative without the trust and support of an engaged membership. Your presence is a powerful reminder of the commitment that fuels our success. And for that, we are truly grateful.

We would also like to thank the Days Inn & Conference Centre by Wyndham Camrose Norsemen for hosting our event, and E Sound Pro Audio & Lights for their expert support.

Positive Feedback!

We love to hear when our crews do a great job, which is why we loved this message from member-owner Pam:

Good afternoon,

When things go wrong, people are quick to complain because they don't think the line is repaired quickly enough etc., but don't often remember to pass along a compliment when it's due.

We had some trees that winter-killed, and I asked BRPC to come and remove them as they could reach the power line if they fell the wrong way. From start to finish, all of your crew was excellent. They weren't able to come on the original date we set due to equipment issues, but the people setting it up worked with my schedule to come up with an alternate date.

Earlier this week, Malcolm and Thomas, came to complete the work and also trimmed the re-growth on another tree. I would like to commend them for the job they did. They were professional, courteous, quick and left everything very neat and tidy. As I requested, they left us the wood that was fit for firewood -- stacked and neatly out of the way. They even replaced a feed bunk for my horses that I had moved out of the way so their truck could access the trees!

Thanks again!

Pam
